<p style="margin: 0;">Building Division</p>	<p style="margin: 0;">The information provided in this document is general and intended as a guide only. Each project is unique and additional requirements may be enforced as deemed appropriate by the Building Official</p>	

Sections 105.3.2 and 105.5 of the *California Building Code* state that the Chief Building Official may extend the time for action on a **building permit** for a period not exceeding 180 calendar days or on an **application** for 90 calendar days if requested before the permit or application has expired. The applicant must show that circumstances beyond the control of the applicant prevented action from being taken. No application or permit shall be extended more than once. In order to renew action on a building permit after expiration, the applicant may be required to submit new plans and pay new fees. **Permits** expire 180 calendar days after issuance if there have been no approved required inspections during that time period OR 180 calendar days after the last approved required inspection. **Applications** expire 180 calendar days after applying for the permit.

Fill out information below and submit to the Building Division before the expiration date of: _____
